

Please see below terms and conditions for container sales

All deliveries/collections are quoted externally to your premises (i.e. not inside the building), delivery time-frame of 7 am to 7 pm as standard.

Ensure your area is level and has a hard-standing capacity and ensure the location is free from drains or fire exits.

It is the customer's responsibility to ensure the site/delivery location is accessible and suitable for HGV deliveries.

Our vehicles offload strictly off the side only, ie not from the front or rear. Please ensure there is enough access.

You must advise us if the container has to be lifted over buildings, walls, or any obstructions before you place your order so our haulier is aware.

In all circumstances, if we are unable to deliver/collect due to your site conditions not being suitable and we have to abort the delivery/collection, an aborted charge will be applicable. This is the full delivery cost plus 100% of the return fee.

All deliveries/collections are made on a best-efforts basis.

You must ensure a suitably responsible representative is on-site to meet the vehicle driver.

A signature acceptance to confirm that the unit is in the correct position, the doors operate correctly, padlocks work (if supplied) and there are no defects with the equipment will be required.

You must ensure that you are satisfied with the container(s) you have ordered, as above, before the delivery/collection driver leaves your site and before your signature acceptance.

Repositioning after delivery will incur an additional charge.

Due to health & safety regulations, our wagons will not leave hard standing ground. Containers can be delivered onto grass, but it is the customer's liability should any damage occur, a damage disclaimer may be required.

All deliveries are at ground level only unless otherwise mutually agreed.

We do not offer timed deliveries/collections as standard i.e delivery could be any time throughout the day as stated above. Should you require a timed delivery/collection please advise and we will quote accordingly.

Estimated time of arrival can be ascertained the working day before the scheduled delivery date from approximately 4 pm - all ETA's are subject to traffic and external factors i.e not guaranteed. Please note, it is the customers responsibility to contact us for their ETA.

Should you need to cancel or postpone your delivery/collection we require 72 working hours written notice. Failure to adhere will result in being charged your full delivery/collection cost plus 100% of the return journey.

As standard, if you are having 2 x 20ft shipping containers delivered they will be on an artic vehicle. If you do require a wagon and drag, for any delivery/collection, you must inform us before ordering otherwise we will deliver/collect the containers on an artic vehicle.

All quotations are exclusive of VAT and subject to status, availability and our general trading terms. Quotations are valid for a maximum of 72 hours. All quotations unless otherwise stated exclude delivery and off-loading externally to the customer's premises. The quotation is based on 'normal working hours' i.e. 7am to 7pm (this applies to deliveries and collections) Monday to Friday and a premium out of hours rate is applicable outside of these hours. When confirming in writing your order to purchase a container from Logifreight Ltd, it is deemed you agree with our general terms and conditions.

Terms and Conditions of Delivery and Container Sale (applicable for container sales only)

All containers must be paid for in full (cleared funds) before delivery is arranged or the container(s) is/are released from the depot. Should you cancel your order, an admin fee of £50.00 is chargeable to you.

Should you change/cancel your delivery within 72 working hours from your delivery date a charge will be applicable.

The customer is responsible for their site conditions ensuring they are appropriate and acceptable for the quoted container(s) and accessibility for a HGV wagon with vehicle mounted crane is suitable. Our vehicles can be up to 68ft in length -Please note that different hauliers have different sized vehicles.

Should the customer wish to collect from one of our nationwide depots, a 'lifting' charge of £35.00 + VAT will be charged to the customer.

The customer must assume full responsibility in complying with all relevant regulations with regard to their site, including planning permission if applicable/landlords consent, building regulations and health & safety regulations complying with their specific site.

The customer must ensure their site is level and that there are no manholes, overhead hanging cables and/or any other restrictions. Logifreight Ltd do not deliver on soft ground or grass. The agreed transportation cost does not include positioning over walls, fences or any other obstacle unless otherwise stated.

Upon arrival at site, a maximum time of 1 hour is allowed for off-loading. Thereafter, an hourly rate from £100.00 + VAT per hour or part thereof is applicable (demurrage/waiting time) and will be charged to the customer accordingly.

Unless arranged with ourselves and the customer prior to delivery, double stacking is unacceptable as containers will require 'corner castings/locating pins' for health & safety purposes (prices upon application).

Guideline delivery time or date is on a 'best efforts' basis. Logifreight Ltd cannot be held responsible for any liability for consequential loss that may arise as a result of late delivery. All Logifreight Ltd delivery vehicles adhere to the latest health & safety guidelines.

When the delivery is taking place, the customer is responsible for 'supervising' the vehicle driver and selecting the position of the container (adhering to health & safety). Once the container has been placed, the customer (or its representatives) will be asked to sign the Logifreight Ltd delivery interchange/paperwork. Once the paperwork is signed, the customer accepts the container position as suitable for usage/fit for purpose. Logifreight Ltd outsource the transportation to 3rd party reputable and highly vetted haulage contractors on the customers behalf (Industry Standard). Therefore in the unlikely event of any issues or damages all claims / correspondence have to be addressed to us immediately and we will forward to the haulage contractor in question who will deal directly with yourselves thereafter. We accept no claims directly whatsoever.

Should our haulage contractor be unable to off load on site due to the conditions stated above, the customer is responsible for a wasted haulage journey and will be charged accordingly.

New 'one trip' shipping containers have done one trip from the Far East and may have some light scrapes etc due to transportation.

Used containers are guaranteed wind and watertight, however no guarantee is made for cosmetics due to age and previous usage.

In all circumstances, if we are unable to deliver/collect due to your site conditions not being suitable and we have to abort the

delivery/collection, an aborted charge will be applicable. This is the full delivery cost plus 100% of the return fee.

Payment terms

Logifreight Ltd invoice upon order, no order will be processed until cleared funds are received.

Payment is due immediately on the date of invoice (unless otherwise stated).

Payment is acceptable via the following methods: BACS, CHAPS (details upon application) or debit card (all major cards taken). Debit & Credit cards will incur a 3% fee, we do not accept cheques.

All container sales are final and non refundable under any circumstance.
